PROFILE

AI & ML graduate good in Python with hands-on experience in debugging, REST API development, and software pipeline validation. Quick to investigate and resolve issues across application components; comfortable collaborating in cross-functional teams and documenting technical findings clearly.

EDUCATION

B.E. in AI & Machine Learning, City Engineering College, Bengaluru

Dec 2022 – Jun 2026

CGPA: 8.1

SKILLS

Languages	Python, SQL (Joins, Aggregations, Window Functions), JavaScript
Debugging	REST API Debugging, Pipeline Validation, Error Handling, Postman
Backend & APIs	FastAPI, REST APIs, JWT Authentication
Databases	SQLite, MongoDB, SQL
Tools	Git, GitHub, Postman, Vercel
Soft Skills	Problem Solving, Attention to Detail, Teamwork, Communication

PROFESSIONAL EXPERIENCE

AI & Deep Learning Intern — Edunet Foundation (Microsoft · SAP · AICTE)

Nov 2024 – Jan 2025

- Built and deployed an object detection model via FastAPI; debugged and validated inference pipeline outputs, resolving input errors through OpenCV preprocessing; documented findings throughout the lifecycle.

Android Developer Intern — MindMatrix, Bengaluru

Feb 2026 – May 2026

- Developed **Siri-Dhanya Hub** Android app (Kotlin, MVVM, Room DB); identified and resolved bugs across 4 modules during development, maintaining clean and well-documented code throughout.

Community & Leadership

- Co-organized 6+ workshops for 200+ developers (Azure Dev Community), improving attendance by 30%; co-led 3 hackathons as GDG on Campus Core Team Member.

PROJECTS

AI Report Generator · [Live](#) · [GitHub](#)

2026

Python · FastAPI · REST APIs · MongoDB

- Built a full-stack app with FastAPI backend; debugged API response flows, handled error states across endpoints, and validated structured data output end-to-end.

SmokeFree India — Health Analytics Dashboard · [Live](#) · [GitHub](#)

2025

TypeScript · Chart.js · CSV Data Processing

- Processed and validated real CSV data end-to-end; identified data quality issues and resolved inconsistencies before surfacing trends across 8+ interactive visualisations.
