vkprajapati529@gmail.com ◇ [LinkedIn](#) ◇ [GitHub](#)

PROFILE

AI & ML graduate experienced in AI-assisted development (vibe coding) using Claude Code, Cursor, and VS Code with LLM integrations. Shipped multiple full-stack web and mobile applications end-to-end — from ideation to deployment — leveraging AI tools throughout the development workflow.

EDUCATION

B.E. in AI & Machine Learning, City Engineering College, Bengaluru
CGPA: 8.1

Dec 2022 – Jun 2026

SKILLS

AI-Assisted Dev	Claude Code, Cursor, VS Code + Copilot, Prompt Engineering, Vibe Coding
GenAI & LLMs	LLM Integration, REST AI APIs, Gemini API, OpenRouter, Claude API
Frontend	React.js, Tailwind CSS, Chart.js
Backend & APIs	FastAPI, REST APIs, JWT Authentication
Databases	SQL, Supabase, SQLite
Cloud & Tools	Vercel, Git, GitHub, Postman, Docker (basics)

PROFESSIONAL EXPERIENCE

Android Developer Intern — MindMatrix, Bengaluru

Feb 2026 – May 2026

- Built **Siri-Dhanya Hub**, a production-grade agriculture Android app (Jetpack Compose, MVVM, Room DB, Gemini API) with 4 core modules, developed end-to-end using AI-assisted development workflows.

Community & Leadership

- Co-organized 6+ workshops for 200+ developers (Azure Dev Community), improving attendance by 30%; co-led 3 hackathons as GDG on Campus Core Team Member.

PROJECTS

AI Report Generator · [Live](#) · [GitHub](#)

2026

Next.js · FastAPI · OpenRouter · MongoDB · MCP · Claude API

- AI-powered full-stack app generating structured reports via LLM APIs, with MCP tool-use orchestration, real-time streaming, and PDF export — built end-to-end using Claude Code and Cursor.

Cosmic Dressing — 3D Outfit Builder · [Live](#) · [GitHub](#)

2026

React · Three.js · React Three Fiber · Next.js 14 · Supabase

- Shipped a WebGL-based 3D outfit visualisation app with Supabase persistence and real-time customisation — built entirely via AI-assisted workflow using Claude and VS Code Copilot.

SmokeFree India — Health Analytics Dashboard · [Live](#) · [GitHub](#)

2025

TypeScript · Chart.js · Tailwind CSS · CSV Data Processing

- Full analytics dashboard processing real CSV data across 8+ Chart.js visualisations (line, bar, donut, radar) — shipped end-to-end using AI-assisted development.

CERTIFICATIONS & COMMUNITY

Microsoft AI & Cloud Certification — Edunet Foundation / AICTE

Jan 2025

SAP Technology Certification — Edunet Foundation

Jan 2025

Google Developer Group on Campus — Core Team Member, City Engineering College

Azure Developer Community — Active Operations Member, 200+ developer network
